

**WATER SERVICE MORATORIUM
RESOLUTION NO. 2019- 01
NORTH FORK SPECIAL SERVICE DISTRICT
RECITALS**

WHEREAS, North Fork Special Service District ("District"), which operates a culinary water system for delivery of culinary water to its users within its boundaries ("District Water System"); and

WHEREAS, a determination has been made by District administration staff and District Engineer that the physical capability of the District Water System to deliver water to all of its customers, including fire flow storage and delivery based on current applicable state standards, is limited; and

WHEREAS, it is the recommendation of the administration staff and District Engineer to the Board of Trustees that the District restrict future connections temporarily for new water connections to the District's Water System.

NOW, THEREFORE, the Board of Trustees of the District, by this Resolution, resolve the following:

1. All future new connections into the District Water System within the boundaries of the District shall cease and not be authorized until additional water supply sufficient to satisfy the water delivery requirements for culinary and fire flow requirements of the District, have been increased to the satisfaction of the administration staff and the District Engineer.

2. The District Water System for new connections will be based on analysis by the District's administration staff and District Engineer in accordance with state standards under the Safe Drinking Water Act of Utah and the International Fire Code governing water distribution and water availability for fire protection.

3. The District's obligations as a public water supplier is to ensure that it has physical capacity to deliver both water for all connection and fire flow from the District Water System to satisfy the standards applicable to such delivery.

4. It is in the best interests of the District and the safety and welfare of all of its users that this cessation of any new connections shall be imposed and adopted herein by this Resolution. This Resolution is hereby approved and adopted by the Board of Trustees this 4th day of April, 2019, in a duly called meeting of the Board of Trustees.

BOARD OF TRUSTEES

By: Stephen Minton, M.D.
