

ADDENDUM TO
RESOLUTION
2019-01
OF NORTH FORK SPECIAL SERVICE DISTRICT

WHEREAS, the North Fork Special Service District's (District) water is supplied from two underground mountain springs; and

WHEREAS, seasonal flow rates from these springs varies significantly throughout the year; and

WHEREAS, regional drought conditions, temperature variations, other conditions can severely limit the physical supply of water available to the District; and

WHEREAS, the physical supply of water from its sources may exceed the existing approved water connections to the District; and

WHEREAS, the District desires to ensure adequate water is available to all of its users;

THEREFORE, be it hereby RESOLVED by the North Fork Special Service District as follows:

The District may consider additional water connections to the Water System IF, AND ONLY IF the District has reviewed the applicant's proposed development and has determined sufficient physical water is available to meet that demand. This determination will be conducted as described in the Water Service Moratorium, (Resolution 2019-01). Paper water rights required by the District for each development is a separate consideration from the determination of available physical water.

PASSED AND ADOPTED by The Board of Trustees of the North Fork Special Service District on the 14th day of May, 2020.

NORTH FORK SPECIAL SERVICE DISTRICT

Stephen Minton, M.D., Chairman
